MAIL ORDER MADE EASY

The CCS crew knows what's up, what's new, and what's cool. Any questions? Fire away.

GRAPHICS AND DIMENSIONS

Pros often come out with new deck graphics or change the dimensions of their deck. If we don't have the graphic you want, because we are stocking a newer one, it is only in order to get you the newest product available. If deck dimensions change slightly then we will send you the new shape, but if the shape changes drastically we will inform you of the change. And just to keep things interesting, the colors of some graphics will vary from one deck to another.

DELIVERY

As soon as your order is placed, it begins it's speedy little journey to get to you. The big brown UPS van (or white U.S. Mail truck) will be at your door before you know it. If you need it tomorrow, we can do that, too. But it costs a little more: see the chart on the order form. If there are any delays or problems, we'll let you know. Parts of your order may be shipped separately depending on our stock availability.

SIZES AND COLORS

Everyone has their own idea of what XL really is. But most skate clothes are pretty big. A good rule of thumb is that bigger is better. Solid colored clothing comes in an assortment of colors, so we let you pick. Plaid or striped items may be different than pictured. If so, we try to pick a good one for you.

USING THE ORDER FORM TO ORDER COMPLETES

Write down your choice of deck, trucks, & wheels and then the **complete price only** which also includes grip tape, bearings and hardware.
